Welcome to Grade 4 Homework!

As a 4\textsuperscript{th} grader at IST, you are expected to complete \textbf{45 minutes} of homework daily. In Grade 4, your homework will have two parts:

- **Daily homework** includes:
  1. Daily spelling tasks. (5 - 15 mins)
  2. Math revision. (15 mins)

- **Weekly homework** includes:
  1. Writing/Grammar or Listening/Reading tasks.

Every Monday you will get your homework and you will have one week to finish your tasks. You should spend 10 – 15 minutes daily to work on your tasks. You will write your homework in your Homework notebook.

It is your responsibility to finish all tasks on time and submit your weekly work to your teacher on Fridays. You will learn how to organize and manage your time - an important skill every upper elementary student should posses.

Additionally, you will sometimes get homework from other subjects such as World Languages, Music or Art. Your specialist teacher will talk to you about your homework in your specialist classes.

If you have any questions, problems or difficulties with homework, please see your teacher right away. We want each of you to be successful in doing your homework independently.

Generally, on Mondays you will share your homework and receive teacher feedback as well as the next week’s homework.

Good luck and learn! 😊
