

Winter Enrichment

Jan 9-Mar 8

Berkshire Country Day School

Where you belong.

Checkmate

Richard Herdman

This course will teach chess fundamentals, strategy and variations of the game combined with ample board time. The chess class will be taught by a chess expert and encourages parent and faculty to be involved as well. Students are grouped by ability.

Monday, 7 weeks Grades K–5
12 students maximum/**\$120**

Clay Workshop

Sasha Sicurella

Play with clay! This workshop will focus on an exploration of clay, its properties and its rich history throughout the ages. Students will learn hand building techniques, decorative methods, and create functional and sculptural works of art. Students will learn the multi-step process as they build, fire, glaze and re-fire projects.

Tuesday, 8 weeks Grades K–6
12 students maximum/**\$160**

Nature Explorers

Aimee Gelinas, M.Ed.

Explore the winter woods and fields surrounding BCD and learn about winter mammals and their tracks/signs, winter birds, trees, plants, ecology, wild edibles, fire-making, compass skills and more while also developing nature observation, awareness and conservation skills and playing adventurous winter-themed games. Participants should bring a healthy snack, and wear sturdy boots/shoes and appropriate clothing for winter outdoor exploration (warm hat, warm jacket, gloves and snow pants). Bring an extra set of shoes and socks.

Wednesday, 9 weeks Grades K–5
15 students maximum/**\$165**

Movie Making

Jessica Mormann

Be a part of making a real movie! Share in the creative process of filmmaking by developing an original story and characters, building sets, and creating costumes in an original short film. Each child will have his/her turn as actor, director, gaffer (lighting), grip (carry props) and boom operator (sound). Acting parts will be cast as equally as possible. Students will receive their own copy of the film on DVD.
